STARDUST

Stardust launches at Belmacz
19th April 2013

Stardust, the new addition to the Belmacz Beauty collection will be launched online at www.belmaczbeauty.com and exclusively in the USA with *Woodley & Bunny* stores on 19th April 2013

This unique creamy shadow combines warm copper pigments together with 24ct gold leaf to lend a mesmerising shimmer to the eyes.

Belmacz Beauty is the offshoot of Belmacz fine jewellery. The make-up and skin treatments within the line are imbued with the luxuriance of Belmacz jewels. *Stardust's* formula is infused with 24-carat gold leaf. Since ancient times, this natural ingredient has been highly prized as a luxurious treatment to enhance and heal the skin. Fans of the best-selling Belmacz Beauty *Blitz* will know why the versatility of our eye shadows make them essential to every make-up bag.

Suitable for use as a liner or eyeshadow, *Stardust* glides seamlessly onto lids and lash-lines lending a bold orange copper colour with a metallic finish. Mix with moisturiser and apply to cheekbones as a highlighter. Apply *Stardust* with a thin tipped sable brush for dramatic flicks. Add to moisturiser for an all over body shimmer. A small amount goes a long way!
